Economics

Level 1/2

Paper 2: Macroeconomics and the Global Economy

You do not need any other materials.

Total Marks

Instructions

- Use **black** ink or ball-point pen.
- **Fill in the boxes** at the top of this page with your name, centre number and candidate number.
- Answer **all** questions.
- Answer the questions in the spaces provided
– *there may be more space than you need.*
- Calculators may be used.
- You are advised to **show all your working out** with **your answer clearly identified** at the **end of your solution**.

Information

- The total mark for this paper is 80.
- The marks for **each** question are shown in brackets
– *use this as a guide as to how much time to spend on each question.*

Advice

- Read each question carefully before you start to answer it.
- Try to answer every question.
- Check your answers if you have time at the end.

In May 2018, South Korea's unemployment rate for people aged 15–29 increased to 11.6%. In several global competitiveness reports South Korea has recently been criticised for having too many rules and regulations. Experts have advised the South Korean Government to reduce some employment regulations for service sectors such as finance, transport and tourism in order to create more jobs.

- (g) With reference to the data above and your knowledge of economics, assess the effectiveness of deregulation in reducing unemployment in South Korea.

Indonesia's Economic Minister Darmin Nasution said that the current account deficit would reach 3% of gross domestic product (GDP) by the end of 2018.

"Yes, it is a bit high, but nothing to worry about. The deficit in 2014 was even higher," said Darmin Nasution.

Meanwhile, senior economist Faisal Basri called on the government to take the growing current account deficit as a serious matter because it could have negative effects on the economy.

(e) With reference to the data above and your knowledge of economics, assess the impact of a current account deficit for a country such as Indonesia.
